Afternoon Angela,

I am in receipt of the Agenda, Meeting Minutes and Financials. I would like to take the opportunity to reject certain aspects of the minutes and would seek their correction, namely:

1415 Clerks report (A) the failure of the funding bids no reason given – the reason given were:

For the FAT bid – no evidence provided that there was a need by the Fairbourne residents for this facility

For the ACC bid – not meeting bid criteria

For the Village hall bid - issues with costing processes.

And

1421 FMFPB item – says *'She then said that she understood that the Board would be dismantled, and that funding would be withdrawn'*

I stated that this was a possibility and I was raising the flag that this was something to be aware of for further down the road.

I request that the minutes be adjusted to reflect this.

With thanks

Georgina

to Georgina

1415, I did not have access to the reasons that the bids were unsuccessful, therefore I was not privy to that information. I will add your comment to your bid. The Village Hall bid and the FAT are actually not ACC business, they are, if anything, FMFPB business.

1421, I will listen to the recording again and if I think I have reported it incorrectly I will adjust.

Regards  
Angela Thomas - Clerk

Angela Thomas - Clerk

---

s You stated "that from what I can see the project board will not be funded any longer" 1hr 29m 58sec . You also stated that "they will not keep funding it" 1 hr 31m 01 sec. "My common sense is telling me from some of the feedback that I am getting that we could end up losing the project board". 1hr 32min 18 sec. You had a conversation with Sylvia regarding a comment that was overheard between Meilys and Berwyn Parry-Jones, you may have based your comments on that conversation. You do not mention the word "possibility".

correction/no correction
